from the acclaimed authors of a future perfect comes the untold story of how the company became the world's most powerful institution like all groundbreaking books the company fills a hole we didn't know existed revealing that we cannot make sense of the past four hundred years until we place that seemingly humble victorian innovation the joint stock company in the center of the frame with their trademark authority and wit economist editors john micklethwait and adrian wooldridge reveal the company to be one of history's great catalysts for good and for ill a mighty engine for sucking in recombining and pumping out money goods people and culture to every corner of the globe what other earthly invention has the power to grow to any size and to live to any age what else could have given us both the stock market and the british empire the company man the company town and company time disneyfication and mcdonald sization to say nothing of coca colonialism through its many mutations the company has always incited controversy and governments have always fought to rein it in today though marx may spin in his grave and anarchists riot in the streets the company exercises an unparalleled influence on the globe and understanding what this creature is and where it comes from has never been a more pressing matter to the rescue come these acclaimed authors with a short volume of truly vast range and insight

presents an alphabetically arranged reference to the history of business and industry in the united states includes selected primary source documents

this selection of readings demonstrates the use of both descriptive analysis and quantitative methods in the study of business records the emphasis however is on the role of various quantitative approaches part i contains articles that consider a number of questions about the methods to be used and the aims of business history research how is the subject to be defined what types of analysis are most useful in research in what ways can the findings of any research be used part ii provides a number of examples of business history writing that demonstrate the results of a quantitative approach using both primary and secondary source material some of the papers concentrate on the growth and performance of firms from various sectors of the economy some consider features of industrial structure others concentrate on techniques of marketing personnel management and the assessment of profitability part iii focuses on the techniques of management that have been used to motivate or control the development of business activity the studies include an analysis of the role of accounting data and other types of information aids to forecasting market analysis and the problems of risk and uncertainty in business decision making within various contexts the editor has not only provided an introduction to the reprinted articles but he has also included in part iv several special appendices useful for future research in business history there is a section on allowing for changes in the unit of account another appendix deals with the merits and limitations of financial ratio analysis an extensive bibliography is also provided this authoritative text was first published in 1977

business history and international business are cognate subjects there are few if any studies of international business that do not require a proper

study of context international business decision making must be made relevant by a considered evaluation of the circumstances surrounding that decision this often means putting it into its historical context the contributions that the study of international business can make to business history are the input of appropriate theory and appropriate research methods the best international business theory can illuminate the seemingly disparate strategies of firms in given historical circumstances and can provide an integrated overarching conceptual structure of the study of business history the research methods used in international business are also worthy of scrutiny by business historians the proposition of this book is that international business theory and method can complement business history this cross fertilization has been occurring with increasing regularity over the past few decades and this book brings together some of the fruits of this conjunction of two important intellectual domains this book was published as a special issue of business history

a history of the company from its beginnings as an association of elizabethan tradesmen to its becoming one of the most powerful forces in the world
